

Għasfur rari fil-Park tal-Majjistral

Il-kuda rasha bajda hi għasfur tad-deżert. F'Marzu li għadda dehret waħda fil-Park tal-Majjistral. L-aħħar darba li giet irrekordjata f'Malta kien fl-1872! Dan kien it-tieni rekord ta' dan l-għasfur f'pajjiżna.

Good news for the Iberian lynx!

This animal is found only in Spain and Portugal and is the rarest wild cat in the world.

Our friends in Spain are working hard to save the Iberian Lynx and it is slowly increasing. In 2014, 327 lynxes were counted. Last year, the number of Iberian Lynx in the wild went up to 404.

Sittax-il sena

Mhux soltu nkunu nafu kemm għandhom żmien l-għasafar. Dawn il-Fras Servjenti waqfu jistrieħu r-Ramla l-Ħamra waqt il-passa. L-għasfur tax-xellug tlibbes ċurkett, u min-numru li għandu fuqu nafu li kien gie rringjat fis-sena 2000 fl-Italja meta kien għadu fellus. Igifieri għandu 16-il sena.

Scotland shuts down its last coal-fired electric power plant

Hopefully, other nations will do the same. Coal is a highly polluting fuel, and produces large amounts of greenhouse gases.
