

# SPECIAL PLACES

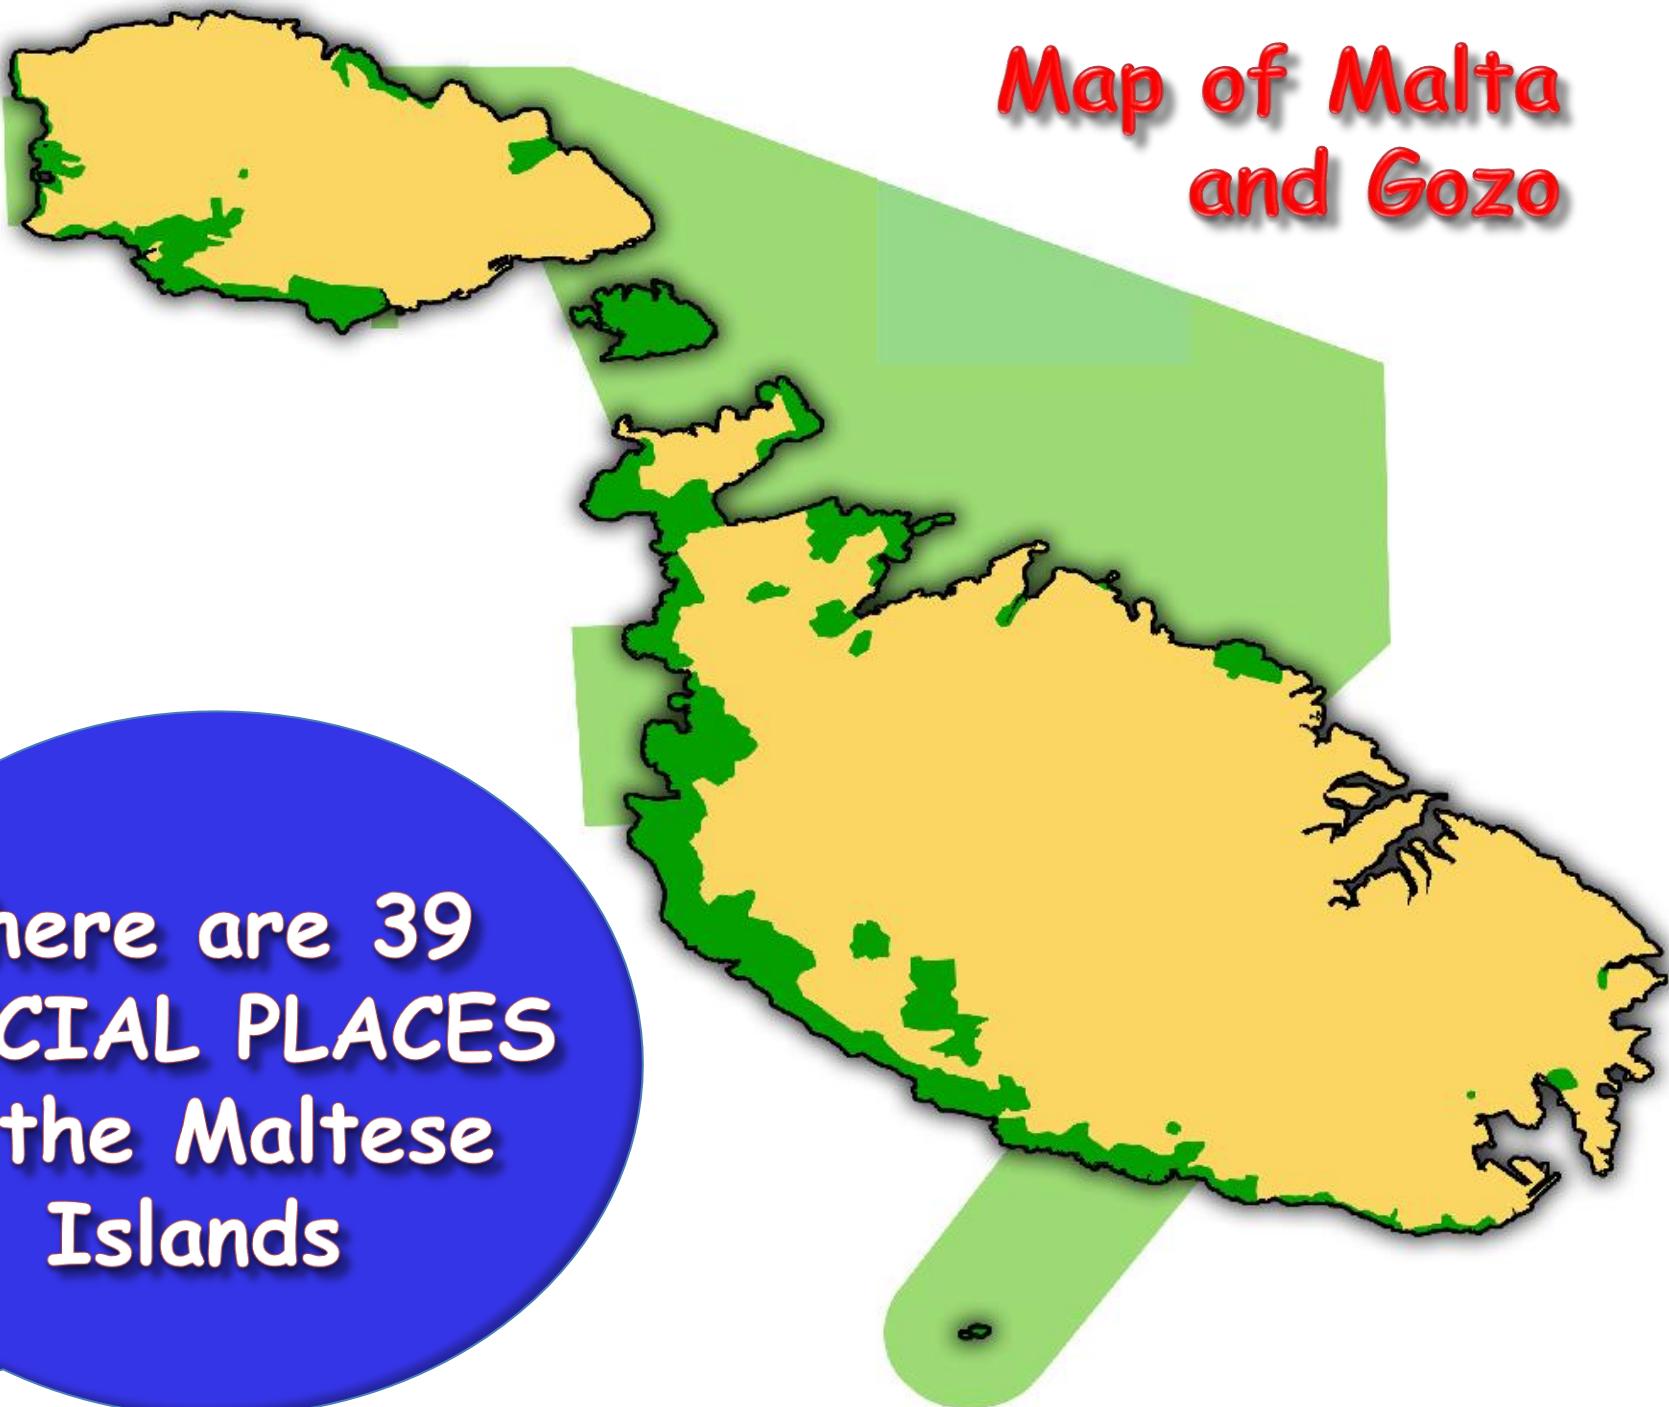

Some of these  
habitats are  
**SPECIAL PLACES**  
for nature.

People,  
animals and  
plants live in  
homes called  
**HABITATS**.

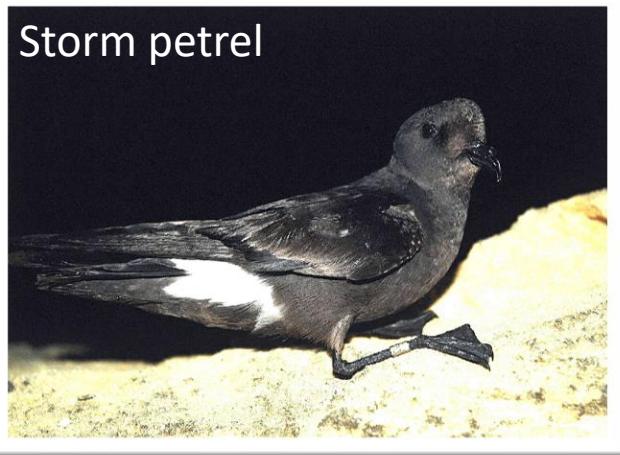

# Map of Malta and Gozo

There are 39  
**SPECIAL PLACES**  
in the Maltese  
Islands

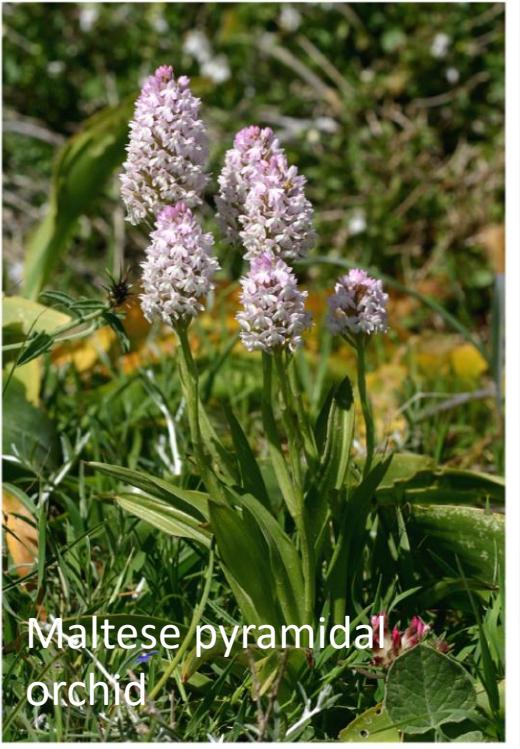

Storm petrel

Some of these habitats are special because they are the home of a rare animal.

Filfla

Maltese pyramidal  
orchid

Some of these habitats are special because they are the home of a rare plant.

Some habitats  
are special  
because they  
are rare.

# Here are some special places in Malta...

...and here are  
some special  
places in  
*Gozo*

All Kemmuna  
is a  
special place.

Special places are called NATURA 2000 sites. If you see this logo on a map, the place is a Natura 2000 site.

Take care of nature in Natura 2000 sites!
